Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act).

Yes No  X

Number of shares of the Registrant's Common Stock (par value \$0.10 per share), outstanding at May 6, 2013: 24,105,313.

---

## EXPLANATORY NOTE

Arabian American Development Company (the "Company") is filing this Amendment No. 1 on Form 10-Q/A ("Amendment No. 1") in order to record its share of earnings of Al Masane Al Kobra Mining Co. ("AMAK"), a Saudi Arabian closed joint stock company in which the Company has an investment accounted for by the equity method.

The unaudited consolidated statements of income for the three months ended March 31, 2013, have been restated to properly reflect the Company's equity in earnings of AMAK for that three month period, the unaudited consolidated balance sheets as of March 31, 2013, have been restated to reflect the effect of correcting the error on the balance of the investment in AMAK, and the unaudited consolidated statements of stockholders' equity and cash flows and the notes to the unaudited consolidated financial statements have been restated to make the associated changes required by the adjustments described above.

In addition, changes necessitated by the restatement of the Company's March 31, 2013, unaudited consolidated financial statements have been made in Item 2 – Management's Discussion and Analysis of Financial Condition and Results of Operations.

This amended Quarterly Report on Form 10-Q/A should be read in conjunction with the Company's amended Annual Report on Form 10-K/A for the year ended December 31, 2012, which includes consolidated financial statements as of and for the year ended December 31, 2012, which have been restated to adjust the amount recorded by the Company for its share of the losses of AMAK for the year ended December 31, 2012. That restatement was required as a result of corrections to the December 31, 2012, financial statements of AMAK made during the preparation of AMAK's financial statements in accordance with U.S. GAAP and their audit by a firm of independent registered public accountants registered with the Public Company Accounting Oversight Board. The amounts as of December 31, 2012, set forth in this amended Quarterly Report on Form 10-Q/A reflect the effects of that restatement.

Except as set forth above, no changes have been made from the originally filed Quarterly Report on Form 10-Q for the quarter ended March 31, 2013, and except as set forth above this Amendment No. 1 speaks as of the date of the original filing of the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2013, and does not reflect events that may have occurred subsequent to the date of the original filing on Form 10-Q.

**ARABIAN AMERICAN DEVELOPMENT COMPANY AND SUBSIDIARIES**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)**

**1. BASIS OF PRESENTATION**

The accompanying unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and in conformity with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, these unaudited financial statements do not include all of the information and footnotes required by GAAP for complete financial statements and, therefore, should be read in conjunction with the financial statements and related notes contained in the Company's amended Annual Report on Form 10-K/A for the year ended December 31, 2012. That Annual Report on Form 10-K/A includes consolidated financial statements as of and for the year ended December 31, 2012, which have been restated to adjust the amount recorded by the Company for its share of the losses of Al Masane Al Kobra Mining Company ("AMAK") for the year ended December 31, 2012. That restatement was required as the result of corrections to the December 31, 2012, financial statements of AMAK made during the preparation of AMAK's financial statements in accordance with GAAP and their audit by a firm of independent registered public accountants registered with the Public Company Accounting Oversight Board. The December 31, 2012, amounts set forth in these unaudited consolidated financial statements reflect the effects of that restatement.

The unaudited condensed financial statements included in this document have been prepared on the same basis as the annual condensed financial statements and in management's opinion reflect all adjustments, including normal recurring adjustments, necessary to present fairly the Company's financial position, results of operations and cash flows for the interim periods presented. In the opinion of management, the disclosures included in these financial statements are adequate to make the information presented not misleading.

Unless the context requires otherwise, references to "we," "us," "our," and the "Company" are intended to mean consolidated Arabian American Development Company and its subsidiaries.

Operating results for the three months ended March 31, 2013, are not necessarily indicative of results for the year ending December 31, 2013.

We operate in one segment and all revenue originates from United States' sources and all long-lived assets owned are located in the United States.

The Company currently owns a 37% interest in AMAK, a Saudi Arabian closed joint stock company which owns and is developing mining assets in Saudi Arabia. However as discussed in Note 15, upon completion of the AMAK capital raise that is in process, our ownership percentage in AMAK will be approximately 35.25%. We account for our investment under the equity method of accounting. See Notes 2, 3 and 15.

**2. CHANGE IN ACCOUNTING PRINCIPLE FOR INVESTMENT IN AMAK**

In 2012 the Company determined that changes in the level of its participation in the management of AMAK indicated that the Company had significant influence over the financial and operating policies of AMAK. Accordingly, the Company changed from the cost method of accounting for its investment in AMAK to the equity method of accounting for the investment. In accordance with FASB ASC 323-10-35-33 *Investments – Equity Method and Joint Ventures*, the consolidated financial statements for the prior periods have been retrospectively restated to account for the investment in AMAK for all periods.

The effects of the retrospective application of the equity method of accounting to the first quarter of 2012 are as follows:

|   | March 31, 2012                |             |
|---|-------------------------------|-------------|
|   | As Reported                   | As Restated |

| Net income attributable to Arabian American Development Company | \$ 2,208                      | \$ 1,995    |
| Equity in loss of AMAK  | -                             | 213         |

### 3. RESTATEMENT OF FINANCIAL STATEMENTS

The accompanying unaudited consolidated financial statements as of and for the three months ended March 31, 2013, have been restated to properly reflect the Company's equity in the earnings of AMAK for that three month period. In the originally issued unaudited financial statements as of and for the three months ended March 31, 2013, the Company did not record its share of the earnings of AMAK as the result of the Company's plan to apply the equity method of accounting using AMAK's results of operations for the three month period preceding the period being reported by the Company (the "in arrears method") due to the time necessary to obtain financial information from AMAK. However, the Company subsequently determined that the use of the in arrears method would represent a change in the method of applying the equity method of accounting from its 2012 use of AMAK's operating results for the period corresponding to period being reported by the Company. Accordingly, the Company has restated its unaudited consolidated financial statements as of and for the three months ended March 31, 2013, to base its accounting for its investment in AMAK on AMAK's operating results for the same three month period.

The effects of the restatement are as follows:

|   | March 31, 2013     |             |
|---|--------------------|-------------|
|   | <i>(unaudited)</i> |             |
|   | As Reported        | As Restated |
| <i>(thousands of dollars)</i>                                   |                    |             |
| <i>Consolidated Balance Sheets</i>                              |                    |             |
| Investment in AMAK  | \$ 46,769          | \$ 48,358   |
| Total Assets  | 129,199            | 130,788     |
| Retained Earnings   | 38,548             | 40,137      |
| Total Arabian American Development Company Stockholders' Equity | 85,462             | 87,051      |
| Total Equity  | 85,751             | 87,340      |
| Total Liabilities and Equity                                    | 129,199            | 130,788     |
| <i>Consolidated Statements of Income</i>                        |                    |             |
| Equity in earnings (loss) of AMAK                               | \$ 298             | \$ 2,964    |
| Total other income (expense)                                    | 86                 | 2,752       |
| Income before income taxes                                      | 3,131              | 5,797       |
| Net income  | 2,120              | 4,786       |
| Net income attributable to Arabian American Development Company | 2,120              | 4,786       |
| Basic earnings per common share (dollars)                       | \$ 0.09            | \$ 0.20     |
| Diluted earnings per common share (dollars)                     | \$ 0.09            | \$ 0.19     |
| <i>Consolidated Statements of Comprehensive Income</i>          |                    |             |
| Net Income  | \$ 2,120           | \$ 4,786    |
| Comprehensive Income  | 2,175              | 4,841       |
| <i>Consolidated Statement of Stockholders' Equity</i>           |                    |             |
| Net Income  | \$ 2,120           | \$ 4,786    |
| Retained Earnings   | 38,548             | 40,137      |
| Total   | 85,462             | 87,051      |
| Total Equity  | 85,751             | 87,340      |

|-----------------------------------|----|-------|----|---------|
| Net income                        | \$ | 2,120 | \$ | 4,786   |
| Equity in (earnings) loss of AMAK |    | (298) |    | (2,964) |

**4. RECENT ACCOUNTING PRONOUNCEMENTS**

In July 2012 the FASB issued ASU No. 2012-02, Intangibles - Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment. This is amended guidance that simplifies how entities test indefinite-lived intangible assets other than goodwill for impairment. After an assessment of certain qualitative factors, if it is determined to be more likely than not that an indefinite-lived asset is impaired; entities must perform the quantitative impairment test. Otherwise, the quantitative test is optional. The amended guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, with early adoption permitted. The update had no impact on the Company's consolidated financial statements.

In February 2013 the FASB issued ASU No. 2013-02, Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income. Under ASU 2013-02, an entity is required to provide information about the amounts reclassified out of Accumulated Other Comprehensive Income ("AOCI") by component. In addition, an entity is required to present, either on the face of the financial statements or in the notes, significant amounts reclassified out of AOCI by the respective line items of net income, but only if the amount reclassified is required to be reclassified in its entirety in the same reporting period. For amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional details about those amounts. ASU 2013-02 does not change the current requirements for reporting net income or other comprehensive income in the financial statements. ASU 2013-02 is effective for reporting periods beginning after December 15, 2012. The update had no impact on the Company's consolidated financial statements.

**5. TRADE RECEIVABLES**

Trade receivables, net, at March 31, 2013, and December 31, 2012, consisted of the following:

|                                      | March<br>31, 2013             | December<br>31, 2012 |
|--------------------------------------|-------------------------------|----------------------|
|                                      | <i>(thousands of dollars)</i> |                      |
| Trade receivables                    | \$ 20,218                     | \$ 16,012            |
| Less allowance for doubtful accounts | (210)                         | (210)                |
| Trade receivables, net               | <u>\$ 20,008</u>              | <u>\$ 15,802</u>     |

Trade receivables serving as collateral for the Company's line of credit with a domestic bank were \$15.6 million and \$11.7 million at March 31, 2013, and December 31, 2012, respectively (see Note 9).

**6. INVENTORIES**

Inventories include the following:

|                        | March<br>31, 2013             | December<br>31, 2012 |
|------------------------|-------------------------------|----------------------|
|                        | <i>(thousands of dollars)</i> |                      |
| Raw material           | \$ 3,850                      | \$ 3,591             |
| Petrochemical products | 8,448                         | 6,249                |
| Total inventory        | <u>\$ 12,298</u>              | <u>\$ 9,840</u>      |

Inventories are recorded at the lower of cost, determined on the last-in, first-out method (LIFO), or market. At March 31, 2013, and December 31, 2012, current cost exceeded LIFO value by approximately \$2.6 million and \$2.2 million, respectively.

Inventories serving as collateral for the Company's line of credit with a domestic bank were \$6.6 million and \$5.1 million at March 31, 2013, and December 31, 2012, respectively (see Note 9).

Inventory included products in transit valued at approximately \$3.2 million and \$2.9 million at March 31, 2013, and December 31, 2012, respectively.

## 7. PLANT, PIPELINE AND EQUIPMENT

Plant, pipeline and equipment at March 31, 2013, and December 31, 2012, consisted of the following:

|  | March 31,<br>2013             | December 31,<br>2012 |
|--|-------------------------------|----------------------|
|  | <i>(thousands of dollars)</i> |                      |
| Platinum catalyst                              | \$ 1,612                      | \$ 1,612             |
| Land   | 1,577                         | 1,577                |
| Plant, pipeline and equipment                  | 65,298                        | 64,356               |
| Construction in progress                       | 1,484                         | 937                  |
| Total plant, pipeline and equipment            | 69,971                        | 68,482               |
| Less accumulated depreciation and amortization | (29,283)                      | (28,062)             |
| Plant, pipeline and equipment, net             | <u>\$ 40,688</u>              | <u>\$ 40,420</u>     |

Plant, pipeline, and equipment serve as collateral for a \$14.0 million term loan with a domestic bank (see Note 9).

Construction in progress during the first three months of 2013 included installation of tankage, reworking existing towers and treaters, and upgrading and expanding the rail loading facility.

Amortization relating to the platinum catalyst which is included in cost of sales was \$9,558 and \$3,184 for the three months ended March 31, 2013, and 2012, respectively.

## 8. NET INCOME PER COMMON SHARE ATTRIBUTABLE TO ARABIAN AMERICAN DEVELOPMENT CO.

The following table (in thousands, except per share amounts) sets forth the computation of basic and diluted net income per share attributable to Arabian American Development Co. for the three months ended March 31, 2013, and 2012, respectively.

|   | Three Months Ended        |               |                     | Three Months Ended        |               |                     |
|---|---------------------------|---------------|---------------------|---------------------------|---------------|---------------------|
|   | March 31, 2013 (restated) |               |                     | March 31, 2012 (restated) |               |                     |
|   | Income                    | Shares        | Per Share<br>Amount | Income                    | Shares        | Per Share<br>Amount |
| <b>Basic Net Income per Share:</b>                          |                           |               |                     |                           |               |                     |
| Net Income Attributable to Arabian American Development Co. | \$ 4,786                  | 24,105        | \$ 0.20             | \$ 1,995                  | 24,043        | \$ 0.08             |
| Dilutive stock options outstanding                          |                           | <u>553</u>    |                     |                           | <u>934</u>    |                     |
| <b>Diluted Net Income per Share:</b>                        |                           |               |                     |                           |               |                     |
| Net Income Attributable to Arabian American Development Co. | <u>\$ 4,786</u>           | <u>24,658</u> | <u>\$ 0.19</u>      | <u>\$ 1,995</u>           | <u>24,977</u> | <u>\$ 0.08</u>      |

At March 31, 2013, and 2012, 446,009 and 285,415 potential common stock shares, respectively were issuable upon the exercise of options and warrants.

The earnings per share calculations for the periods ended March 31, 2013, and 2012, include 300,000 shares of the Company that are held in the treasury of TOCCO.

## 9. LIABILITIES AND LONG-TERM DEBT

In September 2007 we entered into a \$10.0 million term loan agreement with a domestic bank to finance the expansion of the petrochemical facility. An amendment was entered into in November 2008 which increased the term loan to \$14.0 million due to the increased cost of the expansion. This note is collateralized by plant, pipeline and equipment. The agreement expires October 31, 2018. At March 31, 2013, there was a short-term amount of \$1.4 million and a long-term amount of \$6.4 million outstanding. At December 31, 2012, there was a short-term amount of \$1.4 million and a long-term amount of \$6.8 million outstanding. The interest rate on the loan varies according to several options. At March 31, 2013, and December 31, 2012, the rate was 2.25%. However, as discussed in Note 11, effective August 2008, the Company entered into a pay-fixed, receive-variable interest rate swap with the lending bank which has the effect of converting the interest rate on \$10.0 million of the loan to a fixed rate. Principal payments of \$350,000 are paid quarterly with interest paid monthly.

In May 2006 we entered into a \$12.0 million revolving loan agreement with a domestic bank secured by accounts receivable and inventory. The loan was originally due to expire on October 31, 2008, but was amended to extend the termination date to June 30, 2015, and ultimately increase the availability of the line to \$18.0 million based upon the Company's accounts receivable and inventory. At March 31, 2013, and December 31, 2012, there was a long-term amount outstanding of \$13.5 million and \$7.5 million, respectively. The credit agreement contains a sub-limit of \$3.0 million available to be used in support of the hedging program. The interest rate on the loan varies according to several options. At March 31, 2013, and December 31, 2012, the rate was 2.25%. The borrowing base is determined by a formula in the loan agreement. If the amount outstanding exceeds the borrowing base, a principal payment is due to reduce the amount outstanding to the calculated borrowing base. Interest is paid monthly. Loan covenants that must be maintained quarterly include EBITDA, capital expenditures, dividends payable to parent, and leverage ratio. Interest on the loan is paid monthly and a commitment fee of 0.25% is due quarterly on the unused portion of the loan. At March 31, 2013, approximately \$4.5 million was available to be drawn. The Company was not in compliance with the dividend restriction covenant at March 31, 2013 due to the purchase of additional AMAK stock; however, a waiver was obtained.

On November 30, 2010, as part of the consideration paid for the acquisition of Silsbee Trading and Transportation Corp. ("STTC"), a note payable was issued to Nicholas Carter, previous owner of STTC, for \$300,000. Principal of \$100,000 plus accrued interest at 4.0% per annum is payable annually on November 30<sup>th</sup> of each year. At March 31, 2013, and December 31, 2012, there was a short-term amount of \$100,000 outstanding.

We currently have a supplier who is the sole provider of South Hampton's feedstock, although other sources are available. The account is on open status. In 2007 South Hampton and the supplier entered into an agreement, which expires 7 years from the date of initial operation, for construction of a tank and pipeline connection for the handling of feedstock. In the event of default, South Hampton is obligated to reimburse the supplier for the unamortized portion of the cost of the tank. The tank was placed in service in July 2007. Therefore, at March 31, 2013, 5.75 years of the 7 year agreement have elapsed.

## 10. FAIR VALUE MEASUREMENTS

The following items are measured at fair value on a recurring basis subject to disclosure requirements of ASC Topic 820 at March 31, 2013, and December 31, 2012:

### Liabilities Measured at Fair Value on a Recurring Basis

|                               | March 31,<br>2013    | Fair Value Measurements Using |         |         |
|-------------------------------|----------------------|-------------------------------|---------|---------|
|                               |                      | Level 1                       | Level 2 | Level 3 |
| <i>(thousands of dollars)</i> |                      |                               |         |         |
| <b>Liabilities:</b>           |                      |                               |         |         |
| Interest rate swap            | \$ 808               | -                             | \$ 808  | -       |
|                               | December 31,<br>2012 | Fair Value Measurements Using |         |         |
|                               |                      | Level 1                       | Level 2 | Level 3 |
| <i>(thousands of dollars)</i> |                      |                               |         |         |
| <b>Liabilities:</b>           |                      |                               |         |         |
| Interest Rate Swap            | \$ 893               | -                             | \$ 893  | -       |

The carrying value of cash and cash equivalents, accounts receivable, notes receivable, taxes receivable, advance to AMAK, accounts payable, accrued interest, accrued liabilities, accrued liabilities in Saudi Arabia and other liabilities approximate the fair value due to the immediate or short-term maturity of these financial instruments. The fair value of variable rate long term debt and notes payable reflect recent market transactions and approximate carrying value. The Company used observable inputs that would qualify as Level 2 inputs to make its assessment of the approximate fair value of its cash and cash equivalents, accounts receivable, notes receivable, taxes receivable, advance to AMAK, accounts payable, accrued interest, accrued liabilities, accrued liabilities in Saudi Arabia, other liabilities and variable rate long term debt and notes payable. The fair value of the derivative instruments are described below.

*Commodity Financial Instruments*

We periodically enter into financial instruments to hedge the cost of natural gasoline (the primary feedstock) and natural gas (used as fuel to operate the plant).

We assess the fair value of the financial swaps on feedstock using quoted prices in active markets for identical assets or liabilities (Level 1 of fair value hierarchy). At March 31, 2013, and December 31, 2012, no natural gas options were outstanding. For additional information see Note 11 below.

*Interest Rate Swap*

In March 2008 we entered into an interest rate swap agreement with Bank of America related to the \$10.0 million term loan secured by plant, pipeline and equipment. The interest rate swap was designed to minimize the effect of changes in the LIBOR rate. We have designated the interest rate swap as a cash flow hedge under ASC Topic 815, Derivatives and Hedging.

South Hampton assesses the fair value of the interest rate swap using a present value model that includes quoted LIBOR rates and the nonperformance risk of the Company and Bank of America based on the Credit Default Swap Market (Level 2 of fair value hierarchy).

The Company has consistently applied valuation techniques in all periods presented and believes it has obtained the most accurate information available for the types of derivative contracts it holds. See discussion of our derivative instruments in Note 11.

**11. DERIVATIVE INSTRUMENTS***Commodity Financial Contracts*

Hydrocarbon based manufacturers, such as the Company, are significantly impacted by changes in feedstock and natural gas prices. Not considering derivative transactions, feedstock and natural gas used for the three months ended March 31, 2013, and 2012, represented approximately 80.5% and 83.7% of our operating expenses, respectively.

The Company endeavors to acquire feedstock and natural gas at the lowest possible cost. The primary feedstock (natural gasoline) is traded over the counter and not on organized futures exchanges. Financially settled instruments (fixed price swaps) are the principal vehicle used to give some predictability to feed prices. The Company does not purchase or hold any derivative financial instruments for trading or speculative purposes and is limited by its risk management policy to hedging a maximum of 40% of monthly feedstock requirements.

The financial contracts currently in place are not designated as hedges. As of March 31, 2013, South Hampton had no outstanding financial contracts.

The following tables detail (in thousands) the impact the agreements had on the financial statements:

|                        | Three Months Ended |        |
|------------------------|--------------------|--------|
|                        | March 31,          |        |
|                        | 2013               | 2012   |
| Unrealized gain (loss) | \$ -               | \$ 532 |
| Realized gain (loss)   | -                  | 291    |
| Net gain (loss)        | \$ -               | \$ 823 |

  

|   | March 31, | December 31, |
|---|-----------|--------------|
|   | 2013      | 2012         |
| Fair value of financial contracts – asset (liability) | \$ -      | \$ -         |

The realized and unrealized gains and losses are recorded in Cost of Sales and Processing for the periods ended March 31, 2013, and 2012. As a percentage of Cost of Sales and Processing, realized and unrealized gains/(losses) accounted for 0% and 0.1% for the three months ended March 31, 2013, and 2012, respectively.

*Interest Rate Swap*

On March 21, 2008, we entered into a pay-fixed, receive-variable interest rate swap agreement with Bank of America related to \$10.0 million of our \$14 million term loan secured by plant, pipeline and equipment. The effective date of the interest rate swap agreement is August 15, 2008, and terminates on December 15, 2017. The notional amount of the interest rate swap was \$5.5 million at March 31, 2013. South Hampton receives credit for payments of variable interest made on the term loan's variable rates, which are based upon the London InterBank Offered Rate (LIBOR), and pays Bank of America an interest rate of 5.83% less the credit on the interest rate swap. We have designated the transaction as a cash flow hedge. Beginning on August 15, 2008, the derivative instrument was reported at fair value with any changes in fair value reported within the Company's Statement of Comprehensive Income. The Company entered into the interest rate swap to minimize the effect of changes in the LIBOR rate. The following tables detail (in thousands) the impact the agreement had on the financial statements:

|   | <b>March 31,</b> |                 |
|---|------------------|-----------------|
|   | <b>2013</b>      | <b>2012</b>     |
| <b>Other Comprehensive Loss</b>                             |                  |                 |
| Cumulative loss   | \$ (808)         | \$ (1,024)      |
| Deferred tax benefit  | 283              | 348             |
| Net cumulative loss   | <u>\$ (525)</u>  | <u>\$ (676)</u> |
| Interest expense reclassified from other comprehensive loss | <u>\$ 78</u>     | <u>\$ 94</u>    |

|  | <b>March 31, 2013</b> | <b>December 31, 2012</b> |
|--|-----------------------|--------------------------|
| Fair value of interest rate swap - liability | \$ 808                | \$ 893                   |

The cumulative loss from the changes in the swap contract's fair value that is included in other comprehensive loss will be reclassified into income when interest is paid. The net amount of pre-tax loss in other comprehensive income (loss) as of March 31, 2013, predicted to be reclassified into earnings within the next 12 months is approximately \$287,000. See further discussion of the fair value of the derivative instruments in Note 10.

**12. STOCK-BASED COMPENSATION**

A summary of the status of the Company's stock option awards is presented below:

|                                | Number of<br>Stock<br>Options | Weighted<br>Average<br>Exercise Price<br>per Share | Weighted<br>Average<br>Remaining<br>Contractual<br>Life |
|--------------------------------|-------------------------------|--|---|
| Outstanding at January 1, 2013 | 1,173,180                     | \$ 4.04  |   |
| Granted                        | --                            | --   |   |
| Exercised                      | --                            | --   |   |
| Expired                        | --                            | --   |   |
| Cancelled                      | --                            | --   |   |
| Forfeited                      | --                            | --   |   |
| Outstanding at March 31, 2013  | <u>1,173,180</u>              | <u>\$ 4.04</u>                                     | <u>7.3</u>  |
| Exercisable at March 31, 2013  | <u>437,676</u>                | <u>\$ 3.58</u>                                     | <u>6.7</u>  |

The fair value of the options granted below was calculated using the Black Scholes option valuation model with the assumptions as disclosed in prior quarterly and annual filings.

Directors' compensation of approximately \$94,000 and \$63,000 during the three months ended March 31, 2013, and 2012, respectively, were recognized related to options to purchase shares vesting through 2017.

Employee compensation of approximately \$119,000 and \$130,000 during the three months ended March 31, 2013, and 2012, respectively, was recognized related to options with a 4 year vesting period awarded to officers and key employees. These options vest through 2015.

Post-retirement compensation of approximately \$24,000 was recognized during the three months ended March 31, 2013, and 2012, related to options awarded to Mr. Hatem El Khalidi in July 2009. On May 9, 2010, the Board of Directors determined that Mr. El Khalidi forfeited these options and other retirement benefits when he made various demands against the Company and other AMAK Saudi shareholders which would benefit him personally and were not in the best interests of the Company and its shareholders. The Company is litigating its right to withdraw the options and benefits and as such, these options and benefits continue to be shown as outstanding. See further discussion in Note 17.

See the Company's Annual Report on Form 10-K/A for the year ended December 31, 2012, for additional information.

On February 1, 2013, the Company issued a warrant for the purchase of 100,000 shares of common stock to Genesis Select Corporation ("Genesis") at a strike price of \$10.00 per share. The term of the warrant is 5 years with 50% vesting in equal increments of 1/12<sup>th</sup> each calendar month throughout the first year. The remaining 50% will vest in equal increments of 1/36<sup>th</sup> each calendar month over years 2 through 4 contingent upon continuous investor relations service under the consulting agreement with Genesis. Investor relations expense recognized in connection with this warrant was approximately \$30,000. The fair value of the warrants granted was calculated using the Black-Scholes valuation model with the following range of assumptions:

|                          |              |
|--------------------------|--------------|
| Expected volatility      | 59% to 60%   |
| Expected dividends       | None         |
| Expected term (in years) | 5            |
| Risk free interest rate  | .77% to .89% |

### 13. INCOME TAXES

The Company files an income tax return in the U.S. federal jurisdiction and Texas. Tax returns for the years 2009 through 2011 remain open for examination in various tax jurisdictions in which we operate. In late 2010 the Internal Revenue Service opened an examination of the Company's 2009 tax return which was subsequently closed without change. As of March 31, 2013, and December 31, 2012, we recognized no material adjustments in connection with uncertain tax positions. The income tax rate differs from the statutory rates primarily due to Texas revised franchise tax, the domestic manufacturers' deduction, and various permanent items.

### 14. POST-RETIREMENT OBLIGATIONS

In January 2008 an amended retirement agreement, replacing the February 2007 agreement, was entered into with Mr. El Khalidi. The amended agreement provides \$6,000 per month in benefits to Mr. El Khalidi upon his retirement for the remainder of his life. Additionally, upon his death \$4,000 per month will be paid to his surviving spouse for the remainder of her life. A health insurance benefit will also be provided. An additional \$382,000 was accrued in January 2008 for the increase in benefits. A liability of approximately \$889,000 based upon an annuity single premium value contract plus accrued interest was outstanding at March 31, 2013, and was included in post-retirement benefits. As of March 31, 2013, no payments have been made pursuant to this agreement.

In June 2009 the Company's Board of Directors awarded Mr. El Khalidi a retirement bonus in the amount of \$31,500 for 42 years of service. While there is no written policy regarding retirement bonus compensation, the Company has historically awarded all employees (regardless of job position) a retirement bonus equal to \$750 for each year of service. Since Mr. El Khalidi was employed by the Company for 42 years, the Board of Directors voted to award him a \$31,500 retirement bonus, consistent with that provided to all other retired employees. This amount remained outstanding at March 31, 2013, and was included in post-retirement benefits.

On May 9, 2010, the Board of Directors terminated the retirement agreement, options, retirement bonus, and any outstanding directors' fees due Mr. El Khalidi; however, due to the pending litigation discussed in Note 17, all amounts which have not met termination dates remain recorded until a resolution is achieved.

### 15. INVESTMENT IN AL MASANE AL KOBRA MINING COMPANY ("AMAK")

In December 2012 the Board of Directors of AMAK authorized the issuance of additional shares of AMAK in an amount equal to ten percent of the then outstanding shares to raise funds for working capital requirements and retirement of construction debt. In January 2013 we entered into an agreement with AMAK to purchase an additional 937,500 shares of AMAK at 30 Saudi Riyals (USD \$8.00) per share, for a total of USD \$7.5 million. Due to the continued improvement in the

operations of AMAK and a desire to prevent a substantial dilution of its investment, we elected to purchase these additional shares. As a result of this purchase and upon completion of the raise, our ownership percentage in AMAK will be approximately 35.25%. All existing AMAK shareholders had the opportunity to buy into the issue and all shares are expected to be placed within that group.

As of March 31, 2013, and December 31, 2012, the Company had a non-controlling equity interest of approximately \$48.4 million and \$37.9 million, respectively. This investment is accounted for under the equity method. There were no events or changes in circumstances that may have an adverse effect on the fair value of our investment in AMAK at March 31, 2013.

As discussed in Note 3 to these financial statements, the Company received AMAK's financial statements for the quarter ended March 31, 2013, and converted them to U. S. GAAP in June 2013. The financial statements were prepared in the functional currency of AMAK which is the Saudi Riyal (SR). In June 1986 the SR was officially pegged to the U. S. Dollar (USD) at a fixed exchange rate of 1 USD to 3.75 SR.

The summarized results of operation and financial position for AMAK are as follows:

*Results of Operations*

|  | Three Months Ended March 31, |                 |                 |
|--|------------------------------|-----------------|-----------------|
|  | 2013                         | 2012            | 2011            |
|  | (Restated)                   |                 |                 |
|  | (Thousands of Dollars)       |                 |                 |
| Sales                                      | \$ 31,162                    | \$ -            | \$ -            |
| Gross Profit                               | 9,906                        | -               | -               |
| General, administrative and other expenses | 2,786                        | 577             | 254             |
| Net Income (loss)                          | <u>\$ 7,120</u>              | <u>\$ (577)</u> | <u>\$ (254)</u> |

*Financial Position*

|                       | March 31,              | December 31,      |
|-----------------------|------------------------|-------------------|
|                       | 2013                   | 2012              |
|                       | (Thousands of Dollars) |                   |
| Current assets        | \$ 42,493              | \$ 32,827         |
| Noncurrent assets     | 261,429                | 261,620           |
| Total assets          | <u>\$ 303,922</u>      | <u>\$ 294,447</u> |
| Current liabilities   | \$ 138,539             | \$ 135,111        |
| Long term liabilities | 8,187                  | 9,260             |
| Shareholders' equity  | 157,196                | 150,076           |
|                       | <u>\$ 303,922</u>      | <u>\$ 294,447</u> |

The equity in the income or loss of AMAK reflected on the consolidated statement of income for the quarters ended March 31, 2013, and 2012, is comprised of the following:

|   | 2013                   | 2012            |
|---|------------------------|-----------------|
|   | (Restated)             |                 |
|   | (Thousands of Dollars) |                 |
| Company's share of income (loss) reported by AMAK   | \$ 2,627               | \$ (213)        |
| Amortization of difference between Company's investment in AMAK and Company's share of net assets of AMAK | 337                    | -               |
| Equity in income (loss) of AMAK   | <u>\$ 2,964</u>        | <u>\$ (213)</u> |

During the year ended December 31, 2012, we advanced approximately \$2.0 million to AMAK for interim funding on a short term basis. The amount remained outstanding at March 31, 2013; however, the balance was repaid in the second quarter of 2013.

See the Company's Annual Report on Form 10-K/A for the year ended December 31, 2012, for additional information.

## 16. RELATED PARTY TRANSACTIONS

Legal fees of approximately \$27,000 and \$71,000 were incurred during the three months ended March 31, 2013, and 2012, respectively, to the law firm of Germer Gertz, LLP of which Charles W. Goehringer, Jr. is a minority partner. Mr. Goehringer acts as corporate counsel for the Company.

Ghazi Sultan, a Company director, was paid \$35,000 during the three months ended March 31, 2013, and 2012, for serving as the Company's Saudi branch representative.

## 17. COMMITMENTS AND CONTINGENCIES

### Guarantees –

South Hampton, in 1977, guaranteed a \$160,000 note payable of a limited partnership in which it has a 19% interest. Included in Accrued Liabilities at March 31, 2013, and 2012, is \$66,570 related to this guaranty.

On October 24, 2010, the Company executed a limited Guarantee in favor of the Saudi Industrial Development Fund (“SIDF”) whereby the Company agreed to guaranty up to 41% of the SIDF loan to AMAK in the principal amount of 330,000,000 Saudi Riyals (US\$88,000,000) (the “Loan”). The term of the loan is through June 2019. As a condition of the Loan, SIDF required all shareholders of AMAK to execute personal or corporate Guarantees; as a result, the Company's guaranty is for approximately 135,300,000 Saudi Riyals (US\$36,080,000). The loan was necessary to complete construction of the AMAK facilities and to provide working capital needs. The Company received no consideration in connection with extending the guarantee and did so to maintain and enhance the value of its investment.

### Litigation -

On May 9, 2010, after numerous attempts to resolve certain issues with Mr. Hatem El Khalidi, the Board of Directors terminated the retirement agreement, options, retirement bonuses, and all outstanding directors' fees due to Mr. El Khalidi, former CEO, President and Director of the Company. In June 2010 Mr. El Khalidi filed suit against the Company in the labor courts of Saudi Arabia alleging additional compensation owed to him for holidays and overtime. In September 2010 Mr. El Khalidi threatened suit against the Company in the U.S. alleging breach of contract under the above agreements and other claims. In late 2010 the Company filed suit against Mr. El Khalidi in the United States District Court in the Eastern District of Texas, Beaumont Division, seeking a declaratory judgment that all monies allegedly owed to Mr. El Khalidi are terminated (the “Federal Court Case”). On March 21, 2011, Mr. El-Khalidi filed suit against the Company in the 14th Judicial District Court of Dallas County, Texas for breach of contract and defamation (the “State Court Case”). On July 1, 2011, the Company and Mr. El-Khalidi entered into an agreement to dismiss the Federal Court Case and transfer venue for the State Court Case from Dallas County, Texas to Hardin County, Texas. Pursuant to this agreement, the Federal Court Case was dismissed on July 13, 2011, and the State Court Case was transferred to Hardin County, Texas on July 15, 2011. There has been minimal activity in this matter since its transfer to Hardin County, Texas. The Company believes that the claims are unsubstantiated and intends to vigorously defend the cases. Liabilities of approximately \$1.3 million remain recorded, and the options will continue to accrue in accordance with their own terms until the lawsuits are resolved.

The Company and its subsidiaries are involved in various claims and lawsuits incidental to their business.

On September 14, 2010, South Hampton received notice of a lawsuit filed in the 58th Judicial District Court of Jefferson County, Texas which was subsequently transferred to the 11th Judicial District Court of Harris County, Texas. The suit alleges that the plaintiff became ill from exposure to asbestos. There are approximately 44 defendants named in the suit. South Hampton has placed its insurers on notice of the claim and plans to vigorously defend the case.

On April 14, 2011, and April 27, 2011, South Hampton received notice of 3 lawsuits filed in Jefferson County, Texas. The suits allege that the plaintiffs became ill from benzene exposure during their employment with Goodyear Tire and Rubber Company, an alleged customer of South Hampton. There are numerous defendants named in the suits. On April 10, 2013, South Hampton entered into agreements with counsel for plaintiffs to settle the 3 lawsuits for an amount not significant to the financial statements.

No accruals have been recorded for these last four claims.

***Environmental Remediation*** -

In 2008 the Company learned of a claim by the U.S. Bureau of Land Management (“BLM”) against World Hydrocarbons, Inc. for contamination of real property owned by the BLM north of and immediately adjacent to the processing mill situated on property owned by Pioche. The BLM’s claim alleged that mine tailings from the processing mill containing lead and arsenic migrated onto BLM property during the first half of the twentieth century. World Hydrocarbons, Inc. responded to the BLM by stating that it does not own the mill and that PEVM is the owner and responsible party. Pioche retained an environmental consultant to assist with this matter. Pioche recently reached tentative agreement with affected landowners to excavate and transport tailings from their properties to an impoundment area located on Pioche property. In addition, Pioche signed an agreement with a local contractor to perform excavation and transportation of the tailings. Work is scheduled to begin May 1, 2013. The Company will advance approximately \$250,000 to Pioche for payment of the contractor and in return, Pioche will transfer interest in selected patented mining claims of equivalent value to the Company. An accrual for \$350,000 was recorded by Pioche in 2010 and remained outstanding at March 31, 2013.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.**

### **FORWARD LOOKING AND CAUTIONARY STATEMENTS**

Except for the historical information and discussion contained herein, statements contained in this release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially, including the following: a downturn in the economic environment; the Company's failure to meet growth and productivity objectives; fluctuations in revenues and purchases; impact of local legal, economic, political and health conditions; adverse effects from environmental matters, tax matters and the Company's pension plans; ineffective internal controls; the Company's use of accounting estimates; competitive conditions; the Company's ability to attract and retain key personnel and its reliance on critical skills; impact of relationships with critical suppliers; currency fluctuations; impact of changes in market liquidity conditions and customer credit risk on receivables; the Company's ability to successfully manage acquisitions and alliances; general economic conditions domestically and internationally; insufficient cash flows from operating activities; difficulties in obtaining financing; outstanding debt and other financial and legal obligations; industry cycles; specialty petrochemical product and mineral prices; feedstock availability; technological developments; regulatory changes; foreign government instability; foreign legal and political concepts; and foreign currency fluctuations, as well as other risks detailed in the Company's filings with the U.S. Securities and Exchange Commission, including this release, all of which are difficult to predict and many of which are beyond the Company's control.

### **Overview**

The following discussion and analysis of the Company's financial results, as well as the accompanying unaudited consolidated financial statements and related notes to consolidated financial statements to which they refer, are the responsibility of the management of the Company. The Company's accounting and financial reporting fairly reflect its business model involving the manufacturing and marketing of petrochemical products. The Company's business model involves the manufacture and sale of tangible products. Our consistent approach to providing high purity products and quality services to our customers has helped to sustain our current position as a preferred supplier of various petrochemical products.

As discussed in Note 3 of the notes to the accompanying unaudited consolidated financial statements, the Company has restated its unaudited consolidated financial statements as of and for the three months ended March 31, 2013, to correct its accounting for its investment in AMAK and properly reflect the Company's equity in the earnings of AMAK for that three month period. In the originally issued unaudited financial statements as of and for the three months ended March 31, 2013, the Company did not record its share of the earnings of AMAK as the result of the Company's plan to apply the equity method of accounting using AMAK's results of operations for the three month period preceding the period being reported by the Company (the "in arrears method") due to the time necessary to obtain financial information from AMAK. However, the Company subsequently determined that the use of the in arrears method would represent a change in the method of applying the equity method of accounting from its 2012 use of AMAK's operating results for the period corresponding to period being reported by the Company. Accordingly, the Company has restated its unaudited consolidated financial statements as of and for the three months ended March 31, 2013, to base its accounting for its investment in AMAK on AMAK's operating results for the same three month period.

The discussion and analysis of financial condition and the results of operations which appears below should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations and the consolidated financial statements which appear in the Company's amended Annual Report on Form 10-K/A for the year ended December 31, 2012. That Annual Report on Form 10-K/A includes consolidated financial statements as of and for the year ended December 31, 2012, which have been restated to adjust the amount recorded by the Company for its share of the losses of AMAK for the year ended December 31, 2012. That restatement was required as the result of corrections to the December 31, 2012, financial statements of AMAK made during the preparation of AMAK's financial statements in accordance with U.S. GAAP and their audit by a firm of independent registered public accountants registered with the Public Company Accounting Oversight Board. The December 31, 2012, amounts set forth in these unaudited consolidated financial statements reflect the effects of that restatement.

We believe we are well-positioned to participate in new investments to grow the Company. While petrochemical prices are volatile on a short-term basis and depend on the demand of our customers' products, our investment decisions are based on our long-term business outlook using a disciplined approach in selecting and pursuing the most attractive investment opportunities.

## Review of First Quarter 2013 Results

We reported first quarter 2013 earnings of \$2.1 million up slightly from \$2.0 million from the first quarter of 2012. Basic earnings per share of \$0.09 were reported for 2013, up \$0.01 from 2012. Sales volume of our petrochemical products decreased slightly by 9.3%, and sales revenue from our petrochemical products decreased by 7.5% as compared to the first quarter of 2012. However, our cost of sales also decreased by 8.0% allowing us to generate acceptable margins.

## Liquidity and Capital Resources

### Working Capital

Our approximate working capital days are summarized as follows:

|   | March 31,<br>2013 | December 31,<br>2012 | March 31,<br>2012 |
|---|-------------------|----------------------|-------------------|
| Days sales outstanding in accounts receivable | 34.1              | 25.9                 | 37.0              |
| Days sales outstanding in inventory           | 21.0              | 16.1                 | 16.9              |
| Days sales outstanding in accounts payable    | 11.0              | 10.3                 | 11.4              |
| Days of working capital                       | 44.1              | 31.7                 | 42.5              |

Our days sales outstanding in inventory increased due to additional production during March in anticipation of a maintenance shutdown.

### Sources and Uses of Cash

Cash and cash equivalents decreased \$5.9 million during the three months ended March 31, 2013, as compared to a decrease of \$1.0 million for the three months ended March 31, 2012.

The change in cash and cash equivalents is summarized as follows:

|                                  | 2013                          | 2012       |
|----------------------------------|-------------------------------|------------|
| Net cash provided by (used in)   | <i>(thousands of dollars)</i> |            |
| Operating activities             | \$ (2,515)                    | \$ 3,021   |
| Investing activities             | (8,992)                       | (1,817)    |
| Financing activities             | 5,650                         | (2,245)    |
| Decrease in cash and equivalents | \$ (5,857)                    | \$ (1,041) |
| Cash and cash equivalents        | \$ 3,651                      | \$ 5,633   |

### Operating Activities

Cash used by operating activities totaled \$2.5 million for the first three months of 2013, \$5.5 million higher than 2012. For the first three months of 2013 net income increased by approximately \$2.8 million as compared to the corresponding period of 2012. Major non-cash items affecting income included a slight increase in depreciation of \$0.1 million, a decrease in the unrealized gain on financial contracts of approximately \$0.6 million, a decrease in deferred income taxes of approximately \$0.4 million, and an increase in the equity in earnings of AMAK of approximately \$2.8 million.

Factors leading to a decrease in cash provided by operating activities included:

- Trade receivables increased approximately \$4.2 million (due to a 1.0% increase in price per gallon and a 4.7% increase in volume sold above the fourth quarter of 2012 and an increase in sales in the last month of the quarter) as compared to a slight decrease of approximately \$0.1 million in 2012;
- Inventory increased approximately \$2.5 million (due to an increase in production during first quarter 2013 in preparation for a maintenance shutdown) as compared to an increase of approximately \$1.1 million (due to an 8.3% increase in volume and a 7.8% increase in cost per gallon) in 2012; and
- Accounts payable and accrued liabilities decreased approximately \$0.4 million (primarily due to decreases in accruals for raw materials, freight and derivative settlements) while in 2012 the same accounts increased by \$0.9 million (primarily due to an increase in accruals for raw material purchases offset by a decrease in freight).

These uses of cash were partially offset by the following increases in cash provided by operations:

- Income tax receivable decreased approximately \$1.2 million in 2013 (due to the receivable being used for the 2013 estimated tax payment) as compared to no change in 2012; and
- Other liabilities increased \$0.5 million (due to the receipt of payment from a tolling customer for changes to their unit) compared to an increase of approximately \$0.4 million 2012.

### Investing Activities

Cash used by investing activities during the first three months of 2013 was approximately \$9.0 million, representing an increase of approximately \$7.2 million over the corresponding period of 2012. During the first three months of 2013 we purchased an additional \$7.5 million of stock in AMAK as discussed in Note 15. We also purchased equipment for debottlenecking our Penhex Unit, expansion of our sales loading rack facility, and various other improvements. During the first three months of 2012 purchases were made for transport trucks, land surrounding the facility and various facility improvements.

### Financing Activities

Cash provided by financing activities during the first three months of 2013 was approximately \$5.7 million versus cash used of \$2.2 million during the corresponding period of 2012. During 2013 the Company drew \$6.0 million on its line of credit for working capital purposes and to fund the capital contribution to AMAK as well as made principal payments of \$350,000 on its term debt. During 2012 the Company made principal payments of \$2.0 million on its line of credit and \$350,000 on its term debt.

### Anticipated Cash Needs

We believe that the Company is capable of supporting its operating requirements and capital expenditures through internally generated funds supplemented with advances from debt.

### Results of Operations

#### Comparison of Three Months Ended March 31, 2013 and 2012

|                                  | 2013                          | 2012      | Change     | % Change |
|----------------------------------|-------------------------------|-----------|------------|----------|
|                                  | <i>(thousands of dollars)</i> |           |            |          |
| Petrochemical Product Sales      | \$ 51,620                     | \$ 55,829 | \$ (4,208) | (7.5%)   |
| Processing                       | 1,125                         | 966       | 158        | 16.5%    |
| Gross Revenue                    | \$ 52,745                     | \$ 56,795 | \$ (4,050) | (7.1%)   |
| <b>Volume of Sales (gallons)</b> |                               |           |            |          |
| Petrochemical Products           | 14,721                        | 16,227    | (1,506)    | (9.3%)   |
| Cost of Sales                    | \$ 46,066                     | \$ 50,077 | \$ (4,011) | (8.0%)   |
| Total Operating Expense**        | 10,233                        | 9,270     | 963        | 10.4%    |
| Natural Gas Expense**            | 1,242                         | 970       | 272        | 28.0%    |
| Operating Labor Costs**          | 2,511                         | 2,489     | 22         | 0.9%     |
| Transportation Cost**            | 4,041                         | 3,517     | 524        | 14.9%    |
| General & Administrative Expense | 3,505                         | 2,987     | 518        | 17.3%    |
| Depreciation*                    | 954                           | 848       | 106        | 12.5%    |
| Capital Expenditures             | \$ 1,492                      | \$ 1,693  | \$ (201)   | (11.9%)  |

\*Includes \$762 and \$724 for 2013 and 2012, respectively, which is included in operating expense

\*\* Included in cost of sales

### Gross Revenue

Gross Revenue decreased during the first quarter of 2013 from 2012 by approximately 7.1% due to a decrease in volume of 9.3% partially offset by an increase in processing revenue of 16.5%.

## **Petrochemical Product Sales**

Petrochemical product sales decreased by 7.5% during the first quarter of 2013 from 2012 due to a decrease in volume of 9.3% offset slightly by a 1.9% increase in the average selling price. Throughout the first quarter of 2012 sales were made to our oil sands customer who upon filling their tankage stopped taking shipments. Shipments resumed in March 2013.

## **Processing**

Processing revenues increased by 16.5% during the first quarter of 2013 from 2012 an increase in usage by one of our tolling customers and an increase in fees charged to another per a new contract.

## **Cost of Sales**

Cost of Sales decreased 8.0% during the first quarter of 2013 from 2012 due to lower volumes processed and a decrease in the average cost per gallon of feedstock. Volume processed decreased 4.6% due to slightly lower demand, and average feedstock price per gallon also decreased 4.2% during 2013 from 2012. We use natural gasoline as feedstock which is the heavier liquid remaining after butane and propane are removed from liquids produced by natural gas wells. The material is a commodity product in the oil/petrochemical markets and generally is readily available. The price of natural gasoline normally correlates approximately 93% with the price of crude oil. We are investigating alternative feedstock sources which contain lower percentages of less desirable components in an effort to reduce the amount of byproduct sold into fuel markets at lower prices, thereby increasing overall profitability.

## **Total Operating Expense**

Total Operating Expense increased 10.4% during the first quarter of 2013 from 2012. Natural gas, labor and transportation are the largest individual expenses in this category.

The cost of natural gas purchased increased 28.0% during 2013 from 2012 due to an increase in the average per unit cost and an increase in the quantity purchased. The average price per MMBTU for the first quarter of 2013 was \$3.57 whereas, for 2012 the per-unit cost was \$2.89. Volume also increased to approximately 352,000 MMBTU from about 330,000 MMBTU.

Labor costs were only slightly higher by approximately 0.9% due to a relatively stable workforce and part of maintenance labor being recorded to construction in progress for manpower being used in the sales loading rack expansion.

Transportation costs were higher by 14.9% due to an increase in iso-container shipments to foreign customers. From 2012 to 2013 there was a 300% increase in those shipments. These costs are recovered through the Company's selling price. Higher transportation costs accounted for 54.4% of the increase in operating expense.

## **General and Administrative Expense**

General and Administrative costs for the first quarter of 2013 from 2012 increased by 17.3% due primarily to increases in insurance premiums (health, property, and liability premiums increased), property taxes (due to an increased basis), consulting fees (due to additional contractors being used), directors' fees (due to an additional director joining the Board), and accounting fees (due to additional costs associated with accounting for AMAK).

## **Depreciation**

Depreciation increased 12.5% during the first quarter of 2013 from 2012 due to an increase in the amount of depreciable assets year over year.

## **Equity in Earnings (Losses) of AMAK**

As discussed in Note 1 of the notes to the unaudited consolidated financial statements, the Company accounts for its investment in AMAK using the equity method of accounting. AMAK's mining operations became fully operational during the second half of 2012. AMAK's results of operations for the three months ended March 31, 2013, and the Company's share of those earnings recorded under the equity method of accounting includes revenues from the shipment of ore which AMAK initially prematurely recognized in revenue in 2012 and subsequently restated its 2012 financial statements to recognize those revenues in the first quarter of 2013 when the risk of loss of the shipment passed to the buyer.

## Capital Expenditures

Capital Expenditures decreased 11.9% during the first quarter of 2013 from 2012 primarily due to improvements in the petrochemical facility including debottlenecking the Penhex Unit, expanding the sales loading rack and various other expenditures.

## Contractual Obligations

The table below summarizes the following contractual obligations (in thousands) of the Company:

| <i>Contractual Obligations</i> | <i>Payments due by period</i> |                             |                  |                  |                              |
|--------------------------------|-------------------------------|-----------------------------|------------------|------------------|------------------------------|
|                                | <i>Total</i>                  | <i>Less than<br/>1 year</i> | <i>1-3 years</i> | <i>3-5 years</i> | <i>More than<br/>5 years</i> |
|                                | <i>(thousands of dollars)</i> |                             |                  |                  |                              |
| Operating Lease Obligations    | \$ 6,814                      | \$ 1,676                    | \$ 3,211         | \$ 1,670         | \$ 257                       |
| Long-Term Debt Obligations     | 21,389                        | 1,500                       | 16,289           | 2,800            | 800                          |
| Total                          | <u>\$ 28,203</u>              | <u>\$ 3,176</u>             | <u>\$ 19,500</u> | <u>\$ 4,470</u>  | <u>\$ 1,057</u>              |

## Guarantee of Saudi Industrial Development Fund (“SIDF”) Loan to AMAK

As discussed in Note 17 to the consolidated financial statements, as a condition of the Loan from the SIDF in the principal amount of 330,000,000 SR (US\$88,000,000) to AMAK, we were required to execute a Guarantee of up to 41% of the Loan. The decision to provide a limited corporate guarantee in favor of AMAK was difficult as we considered numerous facts and circumstances. One of the factors considered was that without the US\$88,000,000 from the SIDF, construction activity on the project would likely have ceased. Another factor considered was that prior to making a firm commitment regarding funding, the SIDF performed its own exhaustive due diligence of the project and obviously reached the conclusion that the project is viable and capable of servicing the debt. Yet another factor considered was our ability to reach agreement with various AMAK Saudi shareholders whereby they agreed to use best efforts to have their personal guarantees stand ahead of and pay required payments to SIDF before our corporate guarantee. Finally, we researched numerous loans made by the SIDF to others and were unable to find a single instance where the SIDF actually called a guarantee or foreclosed on a project. Based on the above, we determined that it was in the best interest of the Company and its shareholders to provide the limited corporate guarantee to facilitate completion of the mining project in a timely manner. We also determined that the stand-in-front agreement in conjunction with the actual value of plant and equipment on the ground should act in concert to minimize any exposure arising from the corporate guarantee.

## Critical Accounting Policies and Estimates

Our critical accounting policies are more fully described in Note 4 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K/A for the year ended December 31, 2012. The preparation of consolidated financial statements in accordance with generally accepted accounting principles requires management to make estimates, assumptions and judgments that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the period reported. By their nature, these estimates, assumptions and judgments are subject to an inherent degree of uncertainty. We base our estimates, assumptions and judgments on historical experience, market trends and other factors that are believed to be reasonable under the circumstances. Estimates, assumptions and judgments are reviewed on an ongoing basis and the effects of revisions are reflected in the consolidated financial statements in the period they are determined to be necessary. Actual results may differ from these estimates under different assumptions or conditions. Our critical accounting policies have been discussed with the Audit Committee of the Board of Directors. We believe there have been no material changes to our critical accounting policies and estimates compared to those discussed in our Annual Report on Form 10-K/A for the year ended December 31, 2012.

## Recent and New Accounting Standards

See Note 4 to the Consolidated Financial Statements for a summary of recent accounting guidance.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

#### *Derivative Instrument Risk*

Refer to Note 11 on pages 11 through 12 of this Form 10-Q.

#### *Interest Rate Risk*

Refer to Note 11 on pages 11 through 12 of this Form 10-Q.

Except as noted above, there have been no material changes in the Company's exposure to market risk from the disclosure included in the Company's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2012.

### ITEM 4. CONTROLS AND PROCEDURES.

- (a) Evaluation of disclosure controls and procedures. Our chief executive officer and chief financial officer, with the participation of management, have evaluated the effectiveness of our "disclosure controls and procedures" (as defined in Rules 13a-15(e) and 15(d)-15(e) under the Securities Exchange Act of 1934) and determined that our disclosure controls and procedures were effective as of the end of the period covered by this report.
- (b) Changes in internal control. There was no change in our internal control over financial reporting that occurred during the quarter ended March 31, 2013, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS.

None other than the pending claims and lawsuits as discussed in Note 17 to the consolidated financial statements.

### ITEM 1A. RISK FACTORS.

There have been no material changes from the risk factors previously disclosed in the Company's Annual Report on Form 10-K/A for the year ended December 31, 2012.

### ITEM 6. EXHIBITS.

The following documents are filed or incorporated by reference as exhibits to this Report. Exhibits marked with an asterisk (\*) are management contracts or a compensatory plan, contract or arrangement.

| <b>Exhibit Number</b> | <b>Description</b>   |
|-----------------------|--|
| 3(a)                  | - Certificate of Incorporation of the Company as amended through the Certificate of Amendment filed with the Delaware Secretary of State on July 19, 2000 (incorporated by reference to Exhibit 3(a) to the Company's Annual Report on Form 10-K for the year ended December 31, 2000 (File No. 0-6247)) |
| 3(b)                  | - Restated Bylaws of the Company dated April 26, 2007 (incorporated by reference to Item 5.03 to the Company's Form 8-K dated April 26, 2007 (File No. 0-6247))  |
| 10(a)*                | - Retirement Awards Program dated January 15, 2008 between Arabian American Development Company and Hatem El Khalidi (incorporated by reference to Exhibit 10(h) to the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2008 (file No. 001-33926))                               |

| <b>Exhibit Number</b> | <b>Description</b>  |

## CERTIFICATION PURSUANT TO EXCHANGE ACT RULE 13a – 14(a)/15d-14(a)

I, Nicholas Carter, certify that:

1. I have reviewed this quarterly report on Form 10-Q/A of Arabian American Development Company;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the consolidated financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - (a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonable likely to materially affect, the registrant's internal control over financial reporting.
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's independent registered public accounting firm and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - (a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
